Subject: Against SB 105: Tenant's right to housing

Honorable Housing Committee:

I am writing to oppose proposed bill SB 105: Tenant's right to housing.

A fair society has to be built upon the balance of responsibilities and rights from **ALL** parties. Delaying eviction process and using tax payer's money to provide legal assistance to those who ignore their responsibilities as a tenant is an insult to and a deprivation of the right of those tenants who dutifully respected the lease and the rental properties; it is a violation of property right; and an example of big government abuse of law-abiding taxpayers.

Please stop this bill.

Regards,

Lin Yang, a resident in woodbridge
